## New York World's Fair News

CHILDREN UNDER GLASS New York-In "The School of Tomorrow" at the New York World's Fair 1939, visitors will be able to watch the actual functioning of preschool and elementary classes, polarized glass screens making it possible for the children to be observed without their knowing it.

EXPERT DIAMOND CUTTING New York-A diamond cutting laboratory, in which skilled lapidaries will put glittering facets on gems, will be seen in the Belgian Pavilion at the New York World's Fair 1939. It will present Antwerp as the center of the diamond industry. Diamonds worth several millions of dollars are to be exhibited.

EASING THE VISITOR'S PATH New York-The 45 miles of sidewalks and 17 miles of roadways in the New York World's Fair 1939 require the use of 207,000 tons of pav ing material.

ELABORATE LANDSCAPING AT THE FAIR

New York-Landscaping of the grounds of the New York World's Fair 1939 is record-making in extensiveness and variety. When the Exposition opens next April 30, its broad acres will be embellished with 10,000 shade trees of 50 separate species, 250,000 evergreen and deciduous schrubs of 500 kinds, 1,000,000 perennial and annual plants of 400 different sorts, and 1,000,000 flowering

"PEACE BELL" FROM BELGIUM New York-The largest of 35 bronze, bells in the carillon being cast in Belgium for the tower of that country's exhibit building at the New York World's Fair 1939, it is announced by Grover A. Whalen, President of the Fair, is to bear this inscription in Latin: "Because I am named Leopold, I ring only peace over the Atlantic."
